Instructions — Aggregate Statement of Taxable Property

CENTRALLY ASSESSED PRIVATE CAR COMPANIES

The Missouri State Tax Commission (Commission) is responsible for the valuation and assessment of the distributable commercial real and personal property of Centrally Assessed Railroad and Utility Companies (CARUC), the distributable personal property of Commercial Aircraft Owned by Airlines (CAOBA) and Centrally Assessed Private Car Companies, and the personal property of Commercial Aircraft Owned by Others (CAOBO) in Missouri.

For these centrally assessed entities, the Aggregate Statement of Taxable Property is used by the Commission to determine the fair market value of the property as of January 1 of the current year. This includes the Form 50 and associated schedules.

Reporting Requirements

The president or any authorized officer of these entities that operate within the State of Missouri shall furnish the Commission a statement, duly subscribed and sworn to by the president or authorized officer before a sworn officer authorized to administer oaths. The total amount of property owned, used, leased or under the charge, care or management of the taxpayer as of the first day of January in the current year must be reported.

The Aggregate Statement of Taxable Property workbook is sent by the Original Assessment Section by email at the beginning of the tax year.

The Aggregate Statement of Taxable Property **MUST** be submitted electronically to the Original Assessment Section through the File Transfer Protocol (FTP) website at <https://moftp.mo.gov> or by email to OriginalAssessment@stc.mo.gov. **The company's account number should be included in the subject line of all emails.**

If a centrally assessed company fails to make these reports as required within the time prescribed and has not received a written extension of time, the Commission shall increase, by four percent, the assessed value of the distributable property.

A new entity should contact the Original Assessment Section at 573-751-2414, option 3, to request a copy of the Aggregate Statement of Taxable Property. A new account number will be assigned to a new entity after the Commission receives all the required documents.
