DECISION AND ORDER

Arthur Gross (Complainant) appeals the St. Louis County Board of Equalization's (BOE) decision finding the true value in money (TVM) of the subject property on January 1, 2023, was \$206,300. Complainant alleges overvaluation and claims that the TVM as of that date was \$180,000.¹ Complainant did not produce substantial and persuasive evidence of overvaluation. The BOE decision is affirmed. The TVM of the subject property on January 1, 2023, was \$206,300.

¹ Complainant timely filed a complaint for review of assessment. The State Tax Commission (STC) has authority to hear and decide Complainant's appeal. Mo. Const. art. X, sec. 14; Section 138.430.1, RSMo 2000. All statutory citations are to RSMo 2000, as amended.

The evidentiary hearing was held on May 1, 2025, via Webex. Complainant appeared *pro se* via phone. Respondent Jake Zimmerman, Assessor, St. Louis County, Missouri, was represented by counsel, Kevin Wyatt who appeared via Webex. The appeal was heard and decided by Senior Hearing Officer Samuel Knapper.

FINDINGS OF FACT

1. The Subject Property. The subject residential real property is located at 1028 Poplar Dr., St. Louis, Missouri with a Parcel ID of 26J530951.

2. Assessment and Valuation. Respondent classified the subject property as residential and determined the TVM on January 1, 2023, was \$224,500. The BOE independently determined the TVM of the subject property as of January 1, 2023, was \$206,300.

3. Complainant's Evidence. Complainant provided testimonial evidence in support of his claim of overvaluation. Complainant believes that his property is worth \$180,000. Complainant testified that he is not in a financial position to make any improvements on the subject property for the remainder of his ownership. Complainant testified that there are many areas where concrete is in need of repair throughout the property. Complainant testified as to many issues with the residence on the subject property, they include: (1) tile falling off the wall in bathroom, (2) cracks from the floor to the ceiling, (3) cracks across bedroom ceiling, (4) 'chunking' prevalent where foundation of the home meets the brick, and (5) the driveway is in need of being replaced. Complainant testified that he presented these issues to the BOE.

4. Respondent's Evidence. Respondent introduced Exhibit 1, the BOE's October 17, 2023, Decision Letter. Complainant did not object. Respondent's Exhibit 1 was admitted into evidence.

5. Value. The TVM of the subject property as of January 1, 2023, was \$206,300.

CONCLUSIONS OF LAW

1. Assessment and Valuation. Pursuant to Article X, Sections 4(a) and 4(b), Mo. Const. of 1945 real property and tangible personal property is assessed at its value or such percentage of its value as may be fixed by law for each class and for each subclass. Article X, Sections 4(a) and 4(b), Mo. Const. of 1945. Residential real property is assessed at 19% of its TVM as of January 1 of each odd-numbered year. Section 137.115.5(1)(a). The TVM is "the fair market value of the property on the valuation date[.]" *Snider v. Casino Aztar/Aztar Mo. Gaming Corp.*, 156 S.W.3d 341, 346 (Mo. banc 2005) (internal quotation omitted). The fair market value is "the price which the property would bring from a willing buyer when offered for sale by a willing seller." *Mo. Baptist Children's Home v. State Tax Comm'n*, 867 S.W.2d 510, 512 (Mo. banc 1993). "True value in money is defined in terms of value in exchange not value in use." *Tibbs v. Poplar Bluff Assocs. I, L.P.*, 599 S.W.3d 1, 7 (Mo. App. S.D. 2020) (internal quotation omitted). "Determining the true value in money is an issue of fact for the STC." *Cohen v. Bushmeyer*, 251 S.W.3d 345, 348 (Mo. App. E.D. 2008).

"For purposes of levying property taxes, the value of real property is typically determined using one or more of three generally accepted approaches." *Snider*, 156 S.W.3d at 346. The three generally accepted approaches are the cost approach, the income

approach, and the comparable sales approach. *Id.* at 346-48. The STC has wide discretion in selecting the appropriate valuation method but "cannot base its decision on opinion evidence that fails to consider information that should have been considered under a particular valuation approach." *Id.*, at 348.

The comparable sales approach "is most appropriate when there is an active market for the type of property at issue such that sufficient data are available to make a comparative analysis." *Snider*, 156 S.W.3d at 348. For this reason, the comparable sales approach is typically used to value residential property. "The comparable sales approach uses prices paid for similar properties in arms-length transactions and adjusts those prices to account for differences between the properties." *Id.* at 347-48 (internal quotation omitted). "Comparable sales consist of evidence of sales reasonably related in time and distance and involve land comparable in character." *Id.* at 348.

2. Evidence. "Although technical rules of evidence are not controlling in administrative hearings, fundamental rules of evidence are applicable." *Mo. Church of Scientology v. State Tax Comm'n*, 560 S.W.2d 837, 839 (Mo. banc 1977). The hearing officer is the finder of fact and determines the credibility and weight of the evidence. *Kelly v. Mo. Dep't of Soc. Servs., Family Support Div.*, 456 S.W.3d 107, 111 (Mo. App. W.D. 2015). "It is within the purview of the hearing officer to determine the method of valuation to be adopted in a given case." *Tibbs v. Poplar Bluff Assocs. I, L.P.*, 599 S.W.3d 1, 9 (Mo. App. S.D. 2020). The hearing officer "may inquire of the owner of the property or of any other party to the appeal regarding any matter or issue relevant to the valuation, subclassification or assessment of the property." Section 138.430.2. The Hearing Officer's

decision regarding the assessment or valuation of the property may be based solely upon his inquiry and any evidence presented by the parties, or based solely upon evidence presented by the parties. *Id.*

3. Complainant's Burden of Proof. The taxpayer bears the burden of proof and must show by a preponderance of the evidence that the property was overvalued. *Westwood P'ship v. Gogarty*, 103 S.W.3d 152, 161 (Mo. App. E.D. 2003). The BOE's valuation is presumptively correct. *Tibbs*, 599 S.W.3d at 7. The "taxpayer may rebut this presumption by presenting substantial and persuasive evidence that the valuation is erroneous." *Id.* (internal quotation omitted). The taxpayer also must prove "the value that should have been placed on the property." *Id.*

"Substantial evidence is that evidence which, if true, has probative force upon the issues, and from which the trier of fact can reasonably decide the case on the fact issues." *Savage v. State Tax Comm'n*, 722 S.W.2d 72, 77 (Mo. banc 1986) (internal quotation omitted). Evidence is persuasive when it has "sufficient weight and probative value to convince the trier of fact." *Daly v. P.D. George Co.*, 77 S.W.3d 645, 651 (Mo. App. E.D. 2002); *see also White v. Dir. of Revenue*, 321 S.W.3d 298, 305 (Mo. banc 2010) (noting the burden of persuasion is the "party's duty to convince the fact-finder to view the facts in a way that favors that party").

4. Complainant Did Not Produce Substantial and Persuasive Evidence of Overvaluation.

Complainant did not produce substantial and persuasive evidence rebutting the presumptively correct BOE value. Complainant did not produce substantial and persuasive

evidence to support his opinion of value of \$180,000 for the subject property as of January 1, 2023. Complainant did not produce evidence comprising of a comparable sales approach, income approach, or cost approach to value.

The comparable sales approach is typically used to value residential properties improved with a single-family home. "The comparable sales approach uses prices paid for similar properties in arms-length transactions and adjusts those prices to account for differences between the properties." *Snider*, 156 S.W.3d at 347-48 (internal quotation omitted).

Complainant testified about the several condition issues for the subject and the needed updates and repairs that are needed for the property. However, Complainant offered no professional analysis completed by someone trained to analyze such condition issues and to show the deleterious effect they had on the property on the assessment date, January 1, 2023. Complainant testified that he presented these issues to the BOE. The BOE reduced the TVM to \$206,300 from the Assessor's original \$224,500 which tends to show that the BOE did take the condition of the home into consideration when reaching its value.

The lack of evidence relating to a recognized valuation method renders Complainant's proposed value speculative and unpersuasive. *See Cohen*, 251 S.W.3d at 349 (holding an opinion of value loses probative value when based on an improper foundation). Complainant did not produce substantial and persuasive evidence showing the BOE overvalued the subject property and "the value that should have been placed on the property." *Tibbs*, 599 S.W.3d at 7.

CONCLUSION AND ORDER

The BOE decision is affirmed. The TVM of the subject property as of January 1, 2023, was \$206,300.
