RESIDENTIAL APPEALS,)
Complainant(s),)

Parcel No. As set out on Schedule A
GAIL McCANN BEATTY, DIRECTOR OF)

DECISION AND ORDER

Complainants, appeal the Jackson County Board of Equalization's (BOE) decision finding the true value in money (TVM) and, therefore, the Assessed value of their subject properties on January 1, 2023. Complainants allege overvaluation.¹ For the reasons explained herein, the decision of the BOE in each respective appeal is set aside. The TVM and the Assessed values of the subject properties on January 1, 2023, was as set out in the attached spreadsheet, Schedule A.

¹ Complainants timely filed a complaint for review of assessment. The State Tax Commission (STC) has authority to hear and decide Complainant's appeal. Mo. Const. art. X, sec. 14; Section 138.430.1, RSMo 2000. All statutory citations are to RSMo 2000, as amended.

Some Complainants were represented by counsel, others proceeded pro se. Respondent is represented by counsel, Ryan Taylor and Eric Honea.

FINDINGS OF FACT

1. The Subject Property's 2022 Assessment.

The Commission takes official notice of the fact that each of the subject properties had an assessed value on January 1, 2022, as set out on the attached spreadsheet and each was classified as residential property.²

2. The State Tax Commission's Order of August 6, 2024.

The Commission takes official notice of the fact that on August 6, 2024, the Commission issued an Order pursuant to its general supervisory duties vested in it by the constitution and statutes of the State of Missouri (hereafter "2024 Order.") The 2024 Order was directed to the Jackson County Executive, the Jackson County Board of Equalization, and the Jackson County Director of Assessment.

In its 2024 Order, the Commission ordered the Jackson County assessing officials to correct the 2023 Assessment Roll to reflect assessed valuations of all parcels of subclass (1) real property, excluding increases due to new construction or improvements, that equal the valuations determined by Jackson County assessing officials, or valuations that do not exceed fifteen percent since the last assessment, whichever is less. The Commission further ordered that the assessed valuations for 2024 subclass (1) real property shall remain the

same as the assessed valuations in the 2023 assessment roll, as corrected by the Order, excluding increases due to new construction or improvements.

3. Jackson County Assessing Officials’ Refusal to Comply With The 2024 Order.

The Commission takes official notice of the fact that Jackson County assessing officials refused to comply with the 2024 Order.³

4. Jackson County Assessing Officials’ Failure to Comply With The Notice and Physical Inspection Requirements of Section 137.115 RSMo.

The Commission takes official notice of the fact that Jackson County Assessing Officials failed to comply with the notice and physical inspection requirements of Section 137.115 RSMo. In its Judgment entered on March 31, 2025 in *Gail McCann Beatty et al. v. State Tax Commission of Missouri*, Case No. 2416-CV25478, the Jackson County Circuit Court, at p. 33, found as follows:

The Court finds from the evidence presented at trial that the Jackson County Petitioners improperly used some parcel by parcel reviews that were attenuated from the 2023 real property assessments; that Petitioners failed to comply with the requirements of physical inspection as set forth in section 137.115 as to certain Jackson County real property owners who were facing assessment increases of 15% or more ; that the Jackson County Petitioners failed to provide adequate notice to approximately 75% Jackson County real property owners who faced increases of 15% or more; that the Jackson County Petitioners sent notices to property owners about interior inspections which misstated the applicable law; that notices were sent out in a time frame in June, 2023, and that provided affected real property owners insufficient time to timely request an interior inspection or file appeals to the BOE. These errors compounded to create a 2023 Jackson County real property tax assessment which resulted in mistaken or erroneous assessments and taxes levied or

paid in 2023. The Court further finds from the evidence presented at trial that the Commission acted upon substantial and competent evidence in determining that the errors had occurred in the 2023 real property assessment and did not act arbitrarily, capriciously or unreasonably in entering its Order.

5. No New Construction Or Improvements.

The 2024 Order does not apply to other Jackson County appeals where such properties had new construction or improvements in 2022. The subject properties on Schedule A did not have new construction or improvements in 2022. This finding is based upon the following facts, all of which are determined by official notice:

On July 16, 2025, the undersigned entered an order in this appeal, directing the parties to notify the Commission no later than August 18, 2025 whether there was new construction or improvements to the subject property in 2022. The order directed that in the event a party did not provide information pertaining to new construction or improvements, the Commission would assume that the answer is in the negative as to that party and consider the action of the party a waiver of any right to contend that there was new construction or improvements.

6. No Evidence that the 2022 Assessed Valuation is Less Than the Valuation Derived From Application of the 2024 Order.

The 2024 Order set a ceiling, not a floor, for the 2023 valuation. On July 16, 2025, the undersigned entered an order in this appeal, directing Complainants to notify the Commission no later than August 18, 2025 whether Complainant intends to present any evidence that the value of the subject property is less than the property's 2022 assessed value plus fifteen percent. The order directed that in the event Complainant did not provide

such information, the Commission would assume that the answer is in the negative and consider this a waiver of the right of Complainant to present evidence of a lower value. All appeals of Complainants who contacted the Hearing Officer or Commission in accordance with this provision have been removed from Schedule A and such appeals will be adjudicated separately.

7. Complainants' Claims.

Some Complainants upon filing the Complaint for Review with the State Tax Commission, made claims other than overvaluation as grounds for their appeal. The 2024 Order does not address grounds other than overvaluation. On July 16, 2025, the undersigned entered an order in this appeal, directing Complainants to notify the Hearing Officer no later than August 18, 2025, whether Complainant intends to present any evidence or arguments in this appeal regarding claims based on grounds other than overvaluation. The order directed that in the event Complainant did not provide such information, the Commission would assume that the answer is in the negative and consider this a waiver of the right of Complainant to present evidence of claims based upon grounds other than overvaluation. All appeals of Complainants who contacted the Hearing Officer or Commission in accordance with this provision have been removed from Schedule A and such appeals will be adjudicated separately.

8. Mathematical Computation.

The Commission takes official notice that the subject property's 2022 TVM as set out in column E multiplied by .19 equals the Assessed value of the subject property as set out in Schedule A in column F, increased by 15%, equals the amount in column H of

Schedule A. The Commission further takes official notice that the 2023 Assessed value of the property is in column J, which is the lesser of columns H or I, and is the 2023 Assessed value of the property in accordance with the Order of the Commission. The Commission further takes official notice that the TVM of the property for 2023 is the value in column J divided by 19% which is in column K of Schedule A.

9. Respondent's Claims.

On July 16, 2025, the undersigned entered an order in these appeals, directing Respondent to notify the Hearing Officer no later than August 18, 2025, whether Respondent intends to present a filing/affidavit regarding any other issues that it may wish to address. On August 15, 2025, Respondent filed Respondent's Response to State Tax Commission Order Dated July 16, 2025, in which Respondent argued, among other things, that the Commission did not have jurisdiction over appeals in which a BOE determination letter was not received and that interior inspections had been completed on 117 of the properties subject to these appeals. All of the appeals Respondent identified as having had an interior inspection and/or not having a BOE determination letter have been removed from Schedule A and will be adjudicated separately.

CONCLUSIONS OF LAW

1. Assessment and Valuation.

Pursuant to Article X, Sections 4(a) and 4(b), Mo. Const. of 1945, real property and tangible personal property is assessed at its value or such percentage of its value as may be fixed by law for each class and for each subclass. Residential real property is assessed at

19% of its TVM as of January 1 of each odd-numbered year. Section 137.115.5(1)(a) RSMo.

2. Evidentiary Hearing.

No evidentiary hearing was held because no genuine issue of material fact exists.

3. The 2024 Order is Valid and is Applicable to the Subject Property.

The 2024 Order is a valid order, issued pursuant to the Commission's constitutional and statutory authority, and within its powers which are commensurate with its responsibility and designed to enforce the law and assure uniformity. *Cassily v. Riney*, 576 S.W.2d 325 (Mo. banc 1979); *Cuivre River Electric, Inc. v. State Tax Commission of Missouri*, 769 S.W.2d 432, 435 (Mo. banc 1989).

The 2024 Order applies to all parcels of subclass (1) real property located in Jackson County. Subclass (1) real property is defined as residential property.⁴

CONCLUSION AND ORDER

The BOE decision is set aside in each respective appeal. The Assessed values of the subject properties as of January 1, 2023, were as set out in column J of Schedule A.
