DECISION AND ORDER

Introduction and Overview

Jason E. Loftus, et al. (Complainants) appeal the St. Louis County Board of Equalization's (BOE) respective decisions finding the true value in money (TVM) of the subject properties on January 1, 2021. All Complainants were represented *en masse* by the same representative at the BOE, Property Assessment Review (hereinafter PAR). The 2,366 appeals listed and described in Appendix A (and referred infra as “*Loftus Appeals*”) were consolidated for adjudication and disposition before the State Tax Commission (STC) for judicial efficiency because they all involve the same primary issues of fact and law.¹

¹ A second set of 1,427 appeals were separately consolidated, *Fordyce, Wesley, et al. v. Jake Zimmerman, Assessor, St. Louis County, Missouri*, Appeal Nos. 21-10254, et al. & *Double G Land Co LLC et al. v. Jake Zimmerman, Assessor, St. Louis County, Missouri*, 21-110020, et al. (hereinafter the “*Fordyce and Double G Appeals*”). The *Fordyce and Double G Appeals* involve

Complainants are represented by counsel Patrick Keefe. Respondent Jake Zimmerman, Assessor, St. Louis County, Missouri, are represented by counsels Tim Bowe and Kevin Wyatt. The appeals were heard and decided by Senior Hearing Officer Benjamin C. Slawson.

In their Complaints for Review (C4Rs), Complainants initially had two separate grounds for appeal. They alleged claims of overvaluation, and that Respondent failed to comply with provisions in Section 137.115, RSMo,² requiring notice and performance of a physical inspection before increasing the assessed value of any residential real property by more than 15% of the prior assessed value. In their appeals, and in accordance with their respective claims of overvaluation, Complainants proposed various assessed values which are lower than the end of year 2020 assessed values.³

On January 26, 2024, and before the evidentiary record was formally submitted for these appeals, Complainants dismissed their claims of overvaluation. Therefore, the sole issue to be decided in each appeal is whether or not Respondent met its burden to show that he complied with his obligations under Section 137.115, RSMo. to properly notify Complainants of their rights under that statute, and whether he performed such physical inspections in compliance with the statute.

After review of the evidentiary record, the Senior Hearing Officer finds that

similar issues of fact and law to the above captioned appeals with some nuanced factual differences. All sets of appeals include much of the same evidence, briefing, and have the same counsel of record. A separate decision and order in the *Fordyce and Double G Appeals* will be issued disposing of all issues of dispute in those appeals.

² All statutory citations are to RSMo 2000, as amended unless otherwise noted.

³ See Appendix A., Column I.

Respondent failed to timely notify Complainants of their due process rights under the inspection provisions set forth in Section 137.115, RSMo. Because Respondent did not comply with the inspection statute, Respondent's 2021 increases over 15% in valuation are invalid, and Complainants prevail as a matter of law on their claim under Section 138.060.1, RSMo. However, As Complainants abandoned their claims of overvaluation and put on no evidence in support of their proposed values for the subject properties, the TVMs of the subject properties for the 2021 tax year are not the values Complainants proposed in their Complaints for Review.

The BOE decisions are hereby affirmed in part and set aside in part. For BOE decisions where the BOE assessed value for 2021 is a lesser amount than the end of year (EOY) certified assessed value for 2020 plus 15%, the BOE decisions are affirmed. For BOE decisions where the BOE assessed value for 2021 is a greater amount than the end of year (EOY) certified assessed value for 2020 plus 15%, the BOE decisions are set aside and the EOY 2020 assessed values plus 15% are the assessed values for 2021. The 2021 assessed values as ordered by this Decision and Order are listed in Column K of Appendix A ("2021 Assessed Value Decision").

Jurisdiction

Complainants timely filed their C4Rs appealing the Notices of Decision issued by the St. Louis County BOE setting the TVM for their respective properties as of January 1, 2021. The State Tax Commission (STC) has authority to hear and decide Complainants' appeals. Mo. Const. art. X, sec. 14; Section 138.430.1, RSMo.

Standing

In his briefing, Respondent raised the issue of Complainants' standing *sua sponte*, arguing that because Complainants dismissed their claims of overvaluation, that no justiciable controversy exists because they "dismissed any and all claims that their property was valued incorrectly" and "do not allege any injury."⁴ Respondent further argues that the STC lacks subject matter jurisdiction over the appeals,⁵ and prays that therefore the appeals be dismissed on these grounds.⁶

Mo. Const., art X, s. 14 grants constitutional authority for the STC to equalize property assessments between counties and hear appeals from local boards in individual cases. It provides, in relevant part:

The General Assembly shall establish a commission . . . to equalize assessments as between counties and, under such rules as may be prescribed by law, to hear appeals from local boards in individual cases and, upon such appeal, to correct any assessment which is shown to be unlawful, unfair, arbitrary or capricious.

However, it is a basic tenet of administrative law that "an administrative agency has only such jurisdiction or authority as may be granted by the legislature." *Livingston Manor, Inc. v. Department of Social Services*, 809 S.W.2d 153, 156 (Mo. App., W.D. 1991). If an administrative agency lacks statutory power to consider a matter, the agency is without subject matter jurisdiction. *Id.* at 156.

Section 138.430.1, RSMo, provides the statutory authority for the STC to adjudicate contested cases. It provides, in pertinent part:

⁴ Respondent's Brief, p. 2.

⁵ *Id.* at 3.

⁶ *Id.* at 2-5.

Every owner of real property or tangible personal property shall have the right to appeal from the local boards of equalization to the state tax commission under rules prescribed by the state tax commission, within the time prescribed in this chapter or thirty days following the final action of the local board of equalization, whichever date later occurs, concerning all questions and disputes involving the assessment against such property, the correct valuation to be placed on such property, the method or formula used in determining the valuation of such property, or the assignment of a discriminatory assessment to such property. The commission shall investigate all such appeals and shall correct any assessment or valuation which is shown to be unlawful, unfair, improper, arbitrary or capricious.

The STC has subject matter jurisdiction as stated above. Each Complainant here timely filed a Complainant for Review seeking review of a BOE decision pursuant to Section 138.430.1, RSMo.

Concerning standing specifically, the Missouri Supreme Court has held:

Standing is a jurisdictional matter antecedent to the right to relief. It asks whether the persons seeking relief have a right to do so. Where, as here, a question is raised about a party's standing, courts have a duty to determine the question of their jurisdiction before reaching substantive issues, for if a party lacks standing, the court must dismiss the case because it does not have jurisdiction of the substantive issues presented. Lack of standing cannot be waived.

Farmer v. Kinder, 89 S.W.3d 447, 451 (Mo. banc 2002), internal citations omitted.

The Supreme Court has further stated that standing requires “that a party have a personal stake arising from a threatened or actual injury.” *Schweich v. Nixon*, 408 S.W.3d 769, 774 (Mo. banc 2013). The Court in *Schweich* continued:

When considering standing, there is “no litmus test for determining whether a legally protectable interest exists.” The issue is whether plaintiff has “a pecuniary or personal interest

directly at issue and subject to immediate or prospective consequential relief.” A party establishes standing, therefore, by showing that it has “some legally protectable interest in the litigation so as to be directly and adversely affected by its outcome.”

Id. at 775. Emphasis added, internal citations omitted.

All Complainants here have standing to challenge the validity of Respondent’s assessments and the review of such assessments by the BOE. Complainants’ allegations of overvaluation and allegations of violations of their rights under the inspection statute, Section 137.115, are separate and distinct claims. Complainants’ dismissal of their overvaluation claim does not negate their standing to challenge Respondent’s assessments and the decisions of the BOE on alternate grounds. Section 138.430.1 specifically permits taxpayers to appeal to the STC “**concerning all questions and disputes involving the assessment against such property, the correct valuation to be placed on such property, the method or formula used in determining the valuation of such property, or the assignment of a discriminatory assessment to such property.**” Section 138.430.1. Emphasis added.

Complainants paid their 2021 property taxes and have a pecuniary interest in the outcome of their respective appeals. They allege their due process rights were violated in the process by which Respondent assessed their properties. They have a personal stake in the STC’s determination of whether Respondent’s assessments were indeed “unlawful, unfair, improper, arbitrary or capricious” under Section 138.430.1, RSMo. Therefore, Respondent’s *sua sponte* Motion to Dismiss Complainants’ appeals is overruled.

Procedural History, Waiver of Evidentiary Hearing, Stipulated Record, and Briefing

On April 1, 2022, Complainants filed a Motion for Summary Judgment requesting the entry of an order granting the Motion and setting the 2021-2022 assessed values of the subject properties at their previous 2020 assessed values. After a Memorandum of Law in Response to the Motion had been filed by Respondent on May 13, 2022, Complainants filed a Reply on June 3, 2022. After a hearing was held on the Motion on June 28, 2022, the previously assigned Senior Officer issued an Order Denying the Motion for Summary Judgment on July 27, 2022. Revised scheduling orders setting timelines for discovery and hearing were issued by the assigned Senior Hearing Officer (SHO). Following a discovery dispute, an April 9, 2024, Order was issued setting the evidentiary hearing for all appeals for May 3, 2024.

On May 2, 2024, the parties submitted a “Joint Stipulation for Admission of Exhibits and Incorporation of Prior Hearing Transcript Into the Record” for these appeals agreeing to waive the evidentiary hearing and stipulating to the admission of all pre-filed exhibits and written testimony pre-filed by the parties into the record. The parties also stipulated to the admission into the evidentiary record the complete transcript recording of proceedings of the February 15, 2023, evidentiary hearing in *Fordyce, Wesley, et al. v. Jake Zimmerman, Assessor, St. Louis County*, Appeal Nos. 21-10254, et al. & *Double G Land Co LLC et al. v. Jake Zimmerman, Assessor, St. Louis County, Missouri*, Appeal Nos. 21-110020, et al., including any opening statements, closing statements, direct examination, and cross examination of witnesses. On May 2, 2024, the SHO issued an Order granting the parties’ Joint Stipulation and setting a briefing schedule.

The parties filed their initial briefs on June 28, 2024. Before reply briefs were due, the SHO issued an Order staying all of the *Loftus* appeals⁷ until the final disposition of *State of Missouri et al v. Jackson County Missouri*, Case No. 2316-CV33643 in Jackson County Circuit Court.⁸ That case, as in these appeals, concerned the issue of what constitutes a valid physical inspection by an assessor under Section 137.115.12, RSMo. On May 23, 2025, the SHO lifted the stay as the other litigations had reached final disposition. The briefing schedule was resumed, and an extension for reply briefs was issued. The parties filed their reply briefs in the *Loftus Appeals* on August 8, 2025, and the appeals were submitted for decision and order.

Complainants' Evidence

Complainants submitted the following Exhibits. On February 23, 2024, Respondent filed written objections to several of the Exhibits on relevance, lack of foundation, and hearsay grounds. Complainants filed a response on March 8, 2024. Due to the joint stipulation filed by the parties, Respondent's objections are overruled, and the exhibits are admitted and given the weight appropriate.

Brad Weber testified for Complainants.⁹ In addition to his live testimony in the *Fordyce and Double G Appeals* group of appeals (incorporated here pursuant to the joint stipulation), Complainants’ submitted Mr. Weber’s written direct testimony as Exhibit D. Mr. Weber is the Director of Operations for PAR Residential and oversees internal operations at PAR. He is also a Complainant as owner of one of the subject properties (Appeal No. 21-14157). Mr. Weber testified that he helped investigate the claims made by Complainants regarding Respondent’s failure to comply with the Section 137.115 notice requirements during the 2021 reassessment. Mr. Weber testified that his property had increased over 15% during the reassessment. After receiving the written notice from Respondent stating that interior inspections would not be conducted until it was safe to do so because of COVID-19, he called Respondent’s office to inquire about arranging an

⁹ Testimony from the February 15, 2023, evidentiary hearing in the *Fordyce and Double G Appeals* which was incorporated into the record by stipulation.

interior inspection. Mr. Weber was told by someone at Respondent's office that Respondent was not performing interior inspections, and if there were things negatively affecting the property that he should submit pictures to a particular email address.

Terry Flaker testified for Complainants.¹⁰ Ms. Flaker is not one of the Complainants. In addition to her live testimony in the *Fordyce and Double G Appeals* group of appeals (incorporated here pursuant to the joint stipulation), Complainants' submitted Ms. Flaker's written direct testimony as Exhibit E. Ms. Flaker owns residential property in St. Louis County. At the time she received her assessment from Respondent, Ms. Flaker thought her property was overvalued by Respondent. She spoke with Steve Weber, her brother and an employee of PAR. He informed her to follow the procedures provided by Respondent to contest the assessment. She inquired by phone about arranging an interior inspection with Respondent. Ms. Flaker was told by a lady named Tina at Respondent's office that Respondent was not performing interior inspections due to the pandemic and Respondent not having the resources to do interior inspections everywhere in the County. She was also told to submit by email pictures or more information about her property, to which she did and received no further follow-up from Respondent.

Scott Wolpert testified for Complainants.¹¹ In addition to his live testimony in the *Double G* and *Fordyce* group of appeals (incorporated here pursuant to the joint stipulation), Complainants' submitted Mr. Wolpert's written direct testimony as Exhibit C.

¹⁰ Testimony from the February 15, 2023, evidentiary hearing in the *Fordyce and Double G Appeals* which was incorporated into the record by stipulation.

¹¹ Testimony from the February 15, 2023, evidentiary hearing in the *Fordyce and Double G Appeals* which was incorporated into the record by stipulation.

Mr. Wolpert is the Director of Valuation for PAR and the Managing Partner of PAR Residential. He testified that in that role he acts as an agent for taxpayers that contract with PAR, including but not limited to decisions as to which claims to bring before the STC. His goal is to serve the taxpayer's interest in how PAR advocates the taxpayer's appeal before the BOE and STC. He possesses over 22 years of commercial and residential appraisal and property tax analysis experience and is a Missouri State Certified General Real Estate Appraiser and associate member of the International Association of Assessing Officers (IAAO). On behalf of Complainants Mr. Wolpert worked on Complainants' appeals both before the BOE and also the submission of the Complaints for Review filed at the STC. He was personally involved in all aspects of those appeals, and testified that PAR decided which proposed value to put in the Complaints for Review for Complainants. During cross examination, Mr. Wolpert testified that the proposed value indicated in the Complaints was the desired outcome of the appeal for Complainants based on their claims and the evidence and factors that support such claims, not a fair market value for the property *per se*. Mr. Wolpert testified that for actual valuations of properties, PAR hires experts to support such values.

Mr. Wolpert testified that he compiled Exhibit A as a list of all of Complainant's appeals with end-of-year (EOY) 2020 assessed values of the subject properties by Respondent, certified 2021 assessed values of the subject properties, and a calculated percentage assessed value increase from EOY 2020 to January 1, 2021. For the calculated increase, he subtracted the 2020 assessed value from the 2021 assessed value and divided that result by the 2020 value. Mr. Wolpert obtained the underlying assessed value

information from the St. Louis County open data website.¹²

Complainants introduced the written direct testimony (WDT) of Joseph Craven.¹³ In his written direct testimony (WDT), he testified that for 12 years he has served as the Office Manager for the St. Louis County Board of Equalization (BOE). His responsibilities include facilitating valuation appeal hearings for the BOE. Mr. Craven testified as to the authenticity of email strings¹⁴ between PAR and the BOE concerning the aggregate inspection and notice appeals that were submitted by PAR to the BOE. The emails show counsel for PAR summarizing the legal arguments for Complainants' claims and requesting a consolidated hearing at the BOE on the grounds that "[t]he assessed valuation of the property was increased by more than fifteen percent without a proper physical inspection or sufficient notice to the owner of their rights relating to that physical inspection in violation of V.A.M.S. § 137.115."¹⁵

A representative of the BOE responded that the BOE is not authorized to determine the legal issues raised by PAR.¹⁶ Counsel for Complainants in the emails confirmed that for 1,155 appeals of the total 4,319,¹⁷ Complainants' only allegations before the BOE are that Respondent failed to comply with the Section 137.115 notice and inspection

¹² <https://data-stlcogis.opendata.arcgis.com> (last accessed November 5, 2025).

¹³ Testimony of Mr. Craven is taken from the written direct testimony (WDT) of Mr. Craven submitted into the record during the February 15, 2023, evidentiary hearing in the *Fordyce and Double G Appeals* which was incorporated into the record by stipulation. Respondent waived cross examination of Mr. Craven, so no live testimony was taken from Mr. Craven during that hearing.

¹⁴ Exhibits A, B, and C attached to Exhibit P in *Double G Land Co LLC et al. v. Jake Zimmerman, Assessor*, Appeal Nos 21-110020, et. al.

requirements.¹⁸ Mr. Craven testified that the BOE treated the 1,155 appeals as waiver appeals because no documentation supporting the owner's opinion of value was submitted. No hearing was convened for those appeals. Last, he testified that on December 8, 2021, the BOE met and voted on the waived appeals, upholding Respondent's values in Notices of Decisions issued to those taxpayers on or about December 14, 2021.

Respondent's Evidence

Respondent offered the following Exhibits for its evidence. On February 23, 2024, Complainant filed written objections to several of the Exhibits on relevance, lack of foundation, and hearsay grounds. Respondent filed a response on March 8, 2024. Due to the joint stipulation filed by the parties, Respondent's objections are overruled, and the exhibits are admitted and given the weight appropriate.

Barry Huff testified for Respondent.¹⁹ Mr. Huff is an employee of St. Louis County, and works in the St. Louis County Assessor's Office as an Appraisal Supervisor. He was

¹⁸ Exhibit A to Exhibit P in *Double G Land Co LLC et al. v. Jake Zimmerman, Assessor*, Appeal Nos 21-110020, et. al.

¹⁹ Testimony from the February 15, 2023, evidentiary hearing in the *Fordyce and Double G Appeals* which was incorporated into the record by stipulation.

asked to review the evidence being submitted by Respondent in the *the Fordyce Appeals* and make a summary spreadsheet of data cross checking Complainants' data in their list of appeals (Exhibit A attached to Complainants' evidence submission in the Fordyce Appeals). Because Mr. Huff's testimony and spreadsheet of data is relevant to *the Fordyce Appeals and not the Loftus Appeals*, it will not be summarized here.

Sandy Youtzy testified for Respondent.²⁰ Ms. Youtzy is the Deputy Assessor for the St. Louis County Assessor's Office and oversees the internal operations of the St. Louis County Assessor's Office, including the valuation process for real property parcels in the County. Ms. Youtzy testified as to the process St. Louis County uses to comply with the Section 137.115 inspection requirements. First, in early January of an odd-numbered reassessment year, Respondent identifies which parcels are increasing by more than 15% from their prior valuations. Once these properties are identified, Respondent organizes physical inspections of all these properties. Ms. Youtzy further testified:

To conform to the Statute, we must conclude our inspections and allow 30 days for an owner to request a more complete inspection by the time the Assessment Roll is certified, on or before July 1st. I note that we also identify which properties have been recently inspected for other reasons and classify these as previous inspection properties. Our office then notifies all of the property owners of the fact that their property may be increasing by more than 15%, that a physical inspection was conducted, and that they have the right to request a more complete exterior inspection or an interior inspection. We send these previous inspection letters around the time that the 15% inspections are done by areas and complete this step by early May.²¹

²⁰ WDT from the *Fordyce and Double G Appeals* which was incorporated into the record by stipulation.

²¹ *Id.* at p. 2.

Regarding the two different kinds of inspections, Ms. Youtzy testified:

There are two types of inspections we use to satisfy our requirement to conduct physical inspections. One is a new physical inspection for properties that have not yet been inspected and may be increasing by more than 15% and we call these 15% increase inspections. The other is mentioned above and we call them previous inspections.

The previous inspections are from when our office has recently been out to the property and conducted a thorough site inspection such as for building permit inspections and for six-year review inspections. We also inspect properties as a result of a revisit request or general request for review from property owners. We include physical inspections that occur since the start of the reassessment cycle and are considered relevant to the tax lien valuation date. These inspections include on-site observation by an Assessor's Office employee and review of exterior portions of the land and buildings that the employee can see by walking the legal portions of the property leading up to the front door.²²

Ms. Youtzy testified that Respondent had been sending out inspection notices and conducting inspections this way since 2007 based on correspondence from the STC's former Chief Counsel. Respondent makes notes internally of its inspections of properties on the Property Record Card (PRC) it maintains for each subject property.

Regarding how Respondent notifies taxpayers of their rights to interior inspections, Ms. Youtzy testified:

The property owners are mailed either a door hanger postcard or previous inspection letter explaining this depending on if a previous inspection or a 15% increase inspection was conducted.

²² *Id.* at p. 2.

For the 15% increase inspection type, the door hanger postcard left at the door states that the property received an exterior physical inspection, and gives the name of the employee who inspected the property, along with the date and time it was inspected. It also explains that the valuation may be increasing by 15% or more from the previous assessment, and informs the property owner that they can request a more complete exterior inspection or an interior inspection by notifying the Assessor within 30 days. The Assessor's Office employee also keeps a copy of the door hanger postcard and brings it back to the Assessor's Office to be scanned and a second copy of the postcard is mailed to the owner and address of record for the property owner.

For the previous inspection types, a previous inspection letter is mailed to the property owner, which contains similar information as above. It explains a physical, on-site inspection was performed and that the Assessor's Office believes the valuation may be increasing by more than 15%. It further explains their right to request a more complete exterior inspection or an interior inspection by notifying the Assessor's Office within 30 days of the letter.²³

When performing the exterior inspections, Ms. Youtzy testified that Respondent's employee goes to the property, gets out of their car, walks up to the front door and examines all of the physical characteristics that they can see from where they are legally able to walk without trespassing. Ms. Youtzy testified that for the 2021 assessment cycle the employee did not knock on the door due to coronavirus pandemic safety concerns. Because of COVID-19, the notices for inspection also contained added language concerning a recommendation that despite taxpayer having the right to request an interior inspection, submission of photos in lieu of an interior inspection request was recommended.

²³ *Id.* at pp. 3-4.

FINDINGS OF FACT

The SHO finds the following based on the Exhibits in the record and from the parties' witnesses who testified in these appeals:

1. **Subject Properties.** The 2,366 subject properties are all classified as subclass (1) properties (residential) under Section 4(b), Article X, Mo. Constitution and are identified by parcel/locator number in Column B of Appendix A.

2. **Assessment and Valuation.** Respondent determined that the subject properties' assessed values as of January 1, 2021, are the values as listed in Column F of Appendix A ("Respondent Certified 2021"). The BOE independently determined that the subject properties' assessed values as of January 1, 2021, were the values as listed in Column H of Appendix A ("BOE 2021"). For some subject properties, the BOE adjusted the assessed value to a lower amount than the amount determined by Respondent.

3. **2020 Assessed Values and 15 Percent Increase.** At the end of 2020 (Respondent's prior assessment of the subject properties), the certified assessed values for the subject properties were as listed in Column E of Appendix A ("EOY 2020"). Respondent's 2021 assessed values for all 2,366 subject properties were all amounts that constitute an increase of over 15% than the prior 2020 assessed values as shown in Column G of Appendix A ("Percentage Increase"). For some subject properties, the BOE assessed values for 2021 (Column H of Appendix A) are a *lesser* amount than the certified assessed values for 2020 plus 15%.

4. **Complainants' Proposed Values.** Complainants' proposed values for the 2021 tax year, as indicated in their respective Complaints for Review, are listed in Column I of Appendix A.

Respondent's Actions to Comply with Section 137.115, RSMo.

5. In late 2020 or early 2021, in an effort to comply with Section 137.115, Respondent first determined and identified all residential properties in the County (including Complainants' properties) that were likely to have increases in excess of 15% in the 2021 reassessment cycle. Respondent excluded properties increasing over 15% because of new construction pursuant to that statute.²⁴

6. Once these properties were identified, Respondent divided the properties into two groups: (1) those that had been recently inspected for other reasons such as a building permit request or part of Respondent's six-year review process²⁵ ("previous inspection notice properties"), and (2) those that needed a new onsite physical inspection ("door hanger notice properties").

7. The previous inspection notice properties of the 2021 cycle include properties that were inspected since the start of that reassessment cycle (sometime after July of 2019 when the Respondent's values for the previous cycle were deemed final).

²⁴ Complainants' Exhibit B (Youtzy Deposition), p. 45. *See also* Section 137.110.10.

²⁵ Respondent, in complying with their assessment plan, inspects every residential parcel in the county at least one time in a six-year period. This inspection is referred to as the "six-year review" inspection.

Respondent considered these inspections to be relevant to the tax valuation date, January 1, 2021.²⁶

8. For the previous inspection notice properties, Respondent did not perform an additional inspection before the 15% increase was issued. Instead, Respondent mailed a notice to the property owner stating that a physical, on-site inspection had already been performed recently, and that the assessed value may be increasing by more than 15%. The notice included the following language:

The Assessor's Office is tasked with establishing fair market value of all property within St. Louis County as of January 1st of each reassessment year. Our office has completed a preliminary review of your property, which included a physical, on-site inspection. Based on that, we believe that the appraised value of your property may have increased more than 15% since 2019 when the last reassessment was conducted.

Physical Characteristics of Your Property: You can review our record of your property at: <https://revenue.stlouisco.com/ias/>. If our records appear incorrect, we want to hear from you. Due to COVID concerns, please email or mail photos or other information, along with a brief explanation, to assessor@stlouisco.com, or to 41 South Central Avenue, 3rd Floor, Clayton, MO 63105.

Your Property Value: Preliminary values will be posted online in mid-March. Those are still subject to change. If your value does increase, you will receive a Change of Assessment Notice by mid-June. That Notice will explain the options available to you for appeal.

No further inspection of your property is required, but you have the right to request a more detailed inspection if needed. Again, due to COVID, we strongly recommend that you instead simply provide us with photos or other information if you believe that our records are inaccurate. If you require an

²⁶ Complainants' Exhibit B (Deposition of Sandy Youtzy), pp. 48-49.

interior inspection, please call (314) 615-4981 within 30 days of this letter. No interior inspections will be conducted until it is safe to do so.²⁷

9. For the door hanger notice properties, beginning in January of 2021, one of Respondent's employees visited the property, got out of his or her vehicle, and walked up to the front door and on any publicly available walkways around the property. The employee observed the condition of the property, logged exterior measurements, and noted other physical characteristics of the property. The employee compared these attributes to what is listed on Respondent's property record card (PRC) for each subject property and noted any discrepancies. At the end of the inspection, the employee left a postcard on the front door of the property notifying the owner that an inspection had been performed and informing the owner of their rights to request additional inspections.

10. The door hanger notice included the following language:

An appraiser inspected your property today as required by Missouri law. To protect your health and that of our staff the appraiser performed a no contact inspection a visual inspection of all sides of your property to the extent possible from your property line and/or the walkway leading to your front door.

Physical Characteristics of Your Property: You can review our record of your property at: <https://revenue.stlouisco.com/ias/> If our records appear incorrect, we want to hear from you. Due to COVID concerns, please mail or email photos or other information along with a brief explanation to the address at the top of this card or to assessor@stlouisco.com.

Property Value. We are required to reassess all property this year. We visited today because your property value may have increased by 15% or more as compared with its 2020 value. By mid June, you will be notified of your 2021 property

²⁷ Complainants' Exhibit I.

value. If you believe that value is incorrect you can file an appeal at that time. The Notice will contain instructions for filing an appeal.

No further inspection of your property is required but you have the right to request a more detailed inspection if needed. Again, due to COVID we strongly recommend that you instead simply provide us with photos or other information if our records appear inaccurate. If you require an interior inspection call 314 615-4981 within 30 days of the inspection date (below). No interior inspections will be conducted until it is safe to do so.²⁸

11. In general, Respondent attempts to have all of its physical exterior inspections done by the end of May of the reassessment year to allow 30 days for the owner to request an interior inspection before Respondent's assessment becomes final on July 1.²⁹

12. Other than procedures added for the 2021 cycle because of the pandemic, as described below, Respondent had been conducting physical inspections in this general manner for 15% increase residential properties since 2007.

13. Due to the COVID-19 pandemic, Respondent issued a press release advising St. Louis County taxpayers of the elimination of interior inspections for the 2021 reassessment.³⁰

14. For the previous inspection property notices and the door hanger property notices, language was added by Respondent indicating that although an interior inspection could be requested, those inspections would not be performed until it was safe to do so.

²⁸ Complainants' Exhibit H.

²⁹ Complainants' Exhibit B (Youtzy Deposition), pp. 55-56.

³⁰ Complainant's Exhibit G.

15. For the door hanger notice inspection properties, Respondent did not have its employee knock on the door during the inspection as in prior years, and the post card was left on the front door without any attempt to contact the owner.

16. Despite taxpayer requests for interior inspections, due to COVID-19 Respondent did not perform any interior inspections in 2021. Interior inspections resumed around January of 2022, when Respondent performed a total of only five interior inspections.

17. **Values.** The assessed values of the subject properties as of January 1, 2021, are either the BOE assessed value for 2021 or the end of year 2020 assessed values plus 15%,³¹ whichever is lower as listed in Column K of Appendix A (“2021 Assessed Value (Decision)”).

CONCLUSIONS OF LAW

1. Assessment and Valuation. Pursuant to Article X, Sections 4(a) and 4(b), Mo. Const. of 1945 real property and tangible personal property is assessed at its value or such percentage of its value as may be fixed by law for each class and for each subclass. Article X, Sections 4(a) and 4(b), Mo. Const. of 1945. Residential real property is assessed at 19% of its TVM as of January 1 of each odd-numbered year. Section 137.115.5(1)(a). The TVM is "the fair market value of the property on the valuation date[.]" *Snider v. Casino Aztar/Aztar Mo. Gaming Corp.*, 156 S.W.3d 341, 346 (Mo. banc 2005) (internal quotation omitted). The fair market value is "the price which the property would bring from a willing

³¹ Rounded down to the nearest dollar amount.

buyer when offered for sale by a willing seller." *Mo. Baptist Children's Home v. State Tax Comm'n*, 867 S.W.2d 510, 512 (Mo. banc 1993). "True value in money is defined in terms of value in exchange not value in use." *Tibbs v. Poplar Bluff Assocs. I, L.P.*, 599 S.W.3d 1, 7 (Mo. App. S.D. 2020) (internal quotation omitted). "Determining the true value in money is an issue of fact for the STC." *Cohen v. Bushmeyer*, 251 S.W.3d 345, 348 (Mo. App. E.D. 2008).

"For purposes of levying property taxes, the value of real property is typically determined using one or more of three generally accepted approaches." *Snider*, 156 S.W.3d at 346. The three generally accepted approaches are the cost approach, the income approach, and the comparable sales approach. *Id.* at 346-48. The STC has wide discretion in selecting the appropriate valuation method but "cannot base its decision on opinion evidence that fails to consider information that should have been considered under a particular valuation approach." *Id.*, at 348.

The comparable sales approach "is most appropriate when there is an active market for the type of property at issue such that sufficient data are available to make a comparative analysis." *Snider*, 156 S.W.3d at 348. For this reason, the comparable sales approach is typically used to value residential property. "The comparable sales approach uses prices paid for similar properties in arms-length transactions and adjusts those prices to account for differences between the properties." *Id.* at 347-48 (internal quotation omitted). "Comparable sales consist of evidence of sales reasonably related in time and distance and involve land comparable in character." *Id.* at 348.

2. Evidence. "Although technical rules of evidence are not controlling in administrative hearings, fundamental rules of evidence are applicable." *Mo. Church of Scientology v. State Tax Comm'n*, 560 S.W.2d 837, 839 (Mo. banc 1977). The hearing officer is the finder of fact and determines the credibility and weight of the evidence. *Kelly v. Mo. Dep't of Soc. Servs., Family Support Div.*, 456 S.W.3d 107, 111 (Mo. App. W.D. 2015). "It is within the purview of the hearing officer to determine the method of valuation to be adopted in a given case." *Tibbs v. Poplar Bluff Assocs. I, L.P.*, 599 S.W.3d 1, 9 (Mo. App. S.D. 2020). The hearing officer "may inquire of the owner of the property or of any other party to the appeal regarding any matter or issue relevant to the valuation, subclassification or assessment of the property." Section 138.430.2. The Hearing Officer's decision regarding the assessment or valuation of the property may be based solely upon his inquiry and any evidence presented by the parties, or based solely upon evidence presented by the parties. *Id.*

3. Inspection Requirements

Section 137.115.1 provides:

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty

days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

4. Respondent's Burden of Proof.

Section 138.060.1(1) provides, in pertinent part:

In such county or city, in the event a physical inspection of the subject property is required by subsection 10 of section 137.115, the assessor shall have the burden to establish the manner in which the physical inspection was performed and shall have the burden to prove that the physical inspection was performed in accordance with section 137.115. In such county or city, *in the event the assessor fails to provide sufficient evidence to establish that the physical inspection was performed in accordance with section 137.115, the property owner shall prevail on the appeal as a matter of law.*

Section 138.060.1(1). Emphasis added.

In order to prevail, Respondent must prove that it complied with Section 137.115 with substantial and persuasive evidence. "Substantial evidence is that evidence which, if true, has probative force upon the issues, and from which the trier of fact can reasonably decide the case on the fact issues." *Savage v. State Tax Comm'n*, 722 S.W.2d 72, 77 (Mo. banc 1986) (internal quotation omitted). Evidence is persuasive when it has "sufficient weight and probative value to convince the trier of fact." *Daly v. P.D. George Co.*, 77

S.W.3d 645, 651 (Mo. App. E.D. 2002); *see also White v. Dir. of Revenue*, 321 S.W.3d 298, 305 (Mo. banc 2010) (noting the burden of persuasion is the "party's duty to convince the fact-finder to view the facts in a way that favors that party").

5. Respondent failed to provide Complainants with notice and an opportunity to request an interior inspection during the physical inspection in violation of Section 137.115, RSMo.

6.

Section 137.115 RSMo, requires in those instances where a physical inspection is required (more than 15% increase in residential assessed value since last assessment), that the assessor must first (1) notify the property owner in writing of the fact of the physical inspection, and (2) provide the owner with clear written notice of the owner's rights relating to the physical inspection, including 30 days before the inspection to request an interior inspection *during* the exterior physical inspection.

Complainants presented evidence and argued that Respondent 's assessed values for the 2021 tax assessment for each subject property were over 15% higher than the 2020 assessed values. Complainants specifically raised the issue of whether Respondent met the requirements of Sections 137.115.10 through 137.115.12 in their Complaints for Review. The burden of proof therefore shifts to Respondent to show, by substantial and persuasive evidence, that the requirements of Sections 137.115.10 through 137.115.12 were satisfied.

The evidence submitted shows that for both the prior inspection notice properties and the door hanger notice properties, notice of Complainants' rights was provided *after* the physical inspection had occurred. For the prior inspection properties, Respondent had conducted the physical inspection sometime after July of 2019 and then mailed the

inspection notice to Complainants. For the door hanger inspection properties, Respondent conducted the physical inspection and then left the notice on the door at the time of the inspection. Respondent has failed to meet his burden to show compliance with the inspection statute. By failing to notify Complainants of their rights *prior* to conducting the inspection, Respondent has deprived Complainants of due process, and Complainants prevail as a matter of law.

The full statute regarding the inspection notice and conducting of the physical inspection provides as follows:

Section 137.115.1

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, **the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection.** The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or

the like shall not be considered sufficient to constitute a physical inspection as required by this section.

Section 137.115. Emphasis added.

The Supreme Court stated the following in *Wolff Shoe Co. v. Dir. of Revenue*, 762 S.W.2d 29, 31 (Mo. banc 1988):

The primary rule of statutory construction is to ascertain the intent of the legislature from the language used, to give effect to that intent if possible, and to consider the words used in their plain and ordinary meaning. *Metro Auto Auction v. Director of Revenue*, 707 S.W.2d 397, 401 (Mo. banc 1986). And, where a statute's language is clear and unambiguous, there is no room for construction. *Id.* In determining whether the language is clear and unambiguous, the standard is whether the statute's terms are plain and clear to one of ordinary intelligence. *Alheim v. F.W. Mullendore*, 714 S.W.2d 173, 176 (Mo.App.1986). Moreover, the plain and unambiguous language of a statute cannot be made ambiguous by administrative interpretation and thereby given a meaning which is different from that expressed in a statute's clear and unambiguous language. *Blue Springs Bowl v. Spradling*, 551 S.W.2d 596, 600 (Mo. banc 1977).

The plain language of Section 137.115 is clear and unambiguous. The statute imposes temporal requirements as to when the notice of inspection must be issued to a taxpayer for an assessor to perform an inspection and increase assessed values in compliance with that statute. The purpose of Section 137.115.1(11) is to provide taxpayers with *clear written notice* of all their rights and give them the right to request an interior inspection to occur *during* the exterior inspection:

If a physical inspection is required, pursuant to subsection 10 of this section, ***the assessor shall notify*** the property owner of that fact in writing and shall provide the owner ***clear written notice of the owner's rights*** relating to the physical inspection. If a physical inspection is required, ***the property owner may***

request that an interior inspection be performed during the physical inspection.

Section 137.115.1(11). Emphasis added.

Words in a statute are not read in isolation, but rather, are read in the context of the statute to determine their plain and ordinary meaning. *Union Elec. Co. v. Dir. of Revenue*, 425 S.W.3d 118, 122 (Mo. banc 2014). It is presumed that the legislature intended that every word, clause, sentence, and provision of a statute have effect. Conversely, it will be presumed that the legislature did not insert idle verbiage or superfluous language in a statute. *State ex rel. Union Elec. Co. v. Public Service Comm'n*, 765 S.W.2d 626, 628 (Mo.App.1988). Construction of a statute should avoid unreasonable or absurd results. *Akins v. Dir. of Revenue*, 303 S.W.3d 563, 565 (Mo. banc 2010). Last, taxing statutes are to be strictly construed in favor of the taxpayer and against the taxing authority. *Wolff Shoe Company v. Director of Revenue*, 762 S.W.2d 29, 33 (Mo. banc 1988).

Here, it is not logical, nor does it make sense, to require an assessor to provide clear written notice of a right to a physical inspection, and to require that that clear written notice set forth the owner's rights relating to the physical inspection, including the right to have no less than 30 days to notify the assessor of a request that an interior inspection be performed "*during the physical inspection*," and then allow for the notice to be served after the physical inspection has already occurred. Such a reading of the statute leads to an absurd result and does not serve the function of providing taxpayers due process notice before their properties are inspected. To comply with Section 137.115's temporal limitations, Respondent must at the very minimum issue the notice of inspection *at least*

thirty days before the inspection occurs in order to properly afford a taxpayer his or her right to have an interior inspection performed during the exterior inspection.

Not only were the notices sent by Respondent untimely, but they did also not correctly state the rights of Complainants to request an interior inspection *during* the physical inspection. In both the door hanger notices and previous inspection notices, the pertinent language simply stated: “[n]o further inspection of your property is required but you have the right to request a more detailed inspection if needed.”³² It also should be noted that the previous inspection notice did not accurately reflect the Section 137.115 inspection requirements as it referred to a possible 15% increase of “appraised value” from the prior year, not the “assessed value” which is what the statute provides.³³

Respondent’s failure to timely and correctly notify Complainants of their rights regarding the inspections before conducting such inspections is dispositive in finding that Respondent failed to comply with Section 137.115. Therefore, it is not necessary to address the parties’ other arguments as to the sufficiency of the physical inspections themselves and whether Respondent’s procedures for conducting the inspections, particularly during the COVID-19 pandemic, are in compliance with Section 137.115.1(12).

7. Respondent’s Secondary Arguments Are Not Persuasive.

Respondent argues in his brief that some of Complainants’ properties are either vacant lots or unique properties such as parking lots.³⁴ Therefore, he argues Respondent is

³² Exhibits H & I.

³³ Exhibit I.

³⁴ Respondent’s Brief, p. 5.

exempt from the 137.115, RSMo, inspection requirements. The plain language of Section 137.115.1(10) requires Respondent to inspect properties without structures:

Before the assessor may increase the assessed valuation of **any parcel of subclass (1) real property** by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

Section 137.115.1(10). Emphasis added.

The statute clearly does not carve out properties that are not single-family homes from Respondent’s inspection obligations. A physical inspection of unimproved land must be performed before any 15% increase.

Respondent cites the previously assigned Senior Hearing Officer’s Order Denying Complainants’ Motion for Summary Judgment in these appeals as support that its notice and inspection procedures for the 2021 reassessment complied with Section 137.115. In that Order, even though denying Complainants’ Motion on procedural grounds, the prior SHO’s analyzed the previous inspection and door hanger notices attached to the Motion and found them to provide sufficient notice to Complainants. Respondent also cites previous SHO decisions finding that Respondent’s door hanger notices at the time of inspection provided adequate notice.³⁵

However, administrative orders, and administrative decisions, while persuasive authority “are not from courts of law and are not precedential.” *Cent. Hardware Co. v. Dir.*

³⁵ See *Krista Marie Miller v. Jake Zimmerman*, Assessor St. Louis County, Appeal No. 21-15872 (March 10, 2023); *Lijun Wang & Xiaolong Qiu v. Jake Zimmerman*, Assessor St. Louis County, Appeal No. 21-10040 et al and 21-10041 et al (March 24, 2023).

of Revenue, 887 S.W.2d 593, 596 (Mo. banc 1994). Therefore, an administrative agency “is not bound by its previous decisions [or orders], so long as its current decision is not otherwise unreasonable or unlawful. *Laclede Gas Co.'s Verified Application to Re-Establish & Extend the Fin. Auth. Previously Approved By the Comm'n v. Mo. Pub. Serv. Comm'n*, 526 S.W.3d 245, 252 (Mo. App. W.D. 2017). While the SHO recognizes that the analysis of Section 137.115’s inspection requirements in that Order and the decisions cited by Respondent are at odds with the analysis in this decision, the previous Order and decision are not binding on the SHO or the STC.

Respondent also relies on guidance provided in a letter dated July 10, 2007, from a former STC Chief Counsel to Respondent’s office³⁶ to show that the STC approved of the County’s inspection process and of providing notice to taxpayers after inspections occurred. However, detrimental reliance is an equitable doctrine. *See, Frye v. Speedway Chevrolet Cadillac*, 321 S.W.3d 429, 438 (Mo. App. W.D. 2010). As an administrative agency, the STC has no authority to apply the doctrines of equity. *Soars v. Soars-Lovelace, Inc.*, 142 S.W.2d 866, 871 (Mo. 1940); *see also, State Tax Comm'n v. Administrative Hearing Comm'n*, 641 S.W.2d 69, 75 (Mo. banc 1982).

Last, Respondent makes another equitable argument in his Reply Brief that requiring Respondent to “provide notice of a pending physical [inspection] and to wait an unnecessary 30 days before performing said inspection would be impractical and would create tremendous challenges in meeting the July 1 deadline” for certifying the assessment

³⁶ Respondent’s Exhibit 5.

roll of 400,000 residential parcels.³⁷ The SHO does appreciate the that complying with Section 137.115's requirements may be a daunting task given Respondent's limited resources. However, as an administrative agency and tribunal, the STC must apply the law as written. The STC cannot take policy considerations into account when issuing its decisions; such considerations are for the purview of the General Assembly.

8. Complainants' remedy is to have their assessed values for 2021 capped at the 2020 assessed values plus 15% or to affirm any 2021 BOE decision that is less than that amount.

Section 138.430.1(1) provides that "[t]he commission shall investigate all such appeals and shall correct any assessment or valuation which is shown to be unlawful, unfair, improper, arbitrary or capricious." Section 138.060.1, RSMo, provides in relevant part, that "in the event the assessor fails to provide sufficient evidence to establish that the physical inspection was performed in accordance with section 137.115, the property owner shall *prevail on the appeal as a matter of law*." Emphasis added. As discussed above, Respondent failed to show that it provided proper notice and compliance with this statute, and Complainants prevail as a matter of law as a result.

Many of Complainants' proposed values are less than the assessed amounts for the 2020 tax year. However, Complainants dismissed their claims of overvaluation and presented no evidence supporting their opinions of value.

Section 137.115.1(10) provides that "[b]efore the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen

³⁷ Respondent's Reply Brief, pp. 3-4.

percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.” Section 137.115.1(10). Emphasis added. The statute does not entirely invalidate Respondent’s assessment. Rather, it only prohibits the assessor from issuing a greater than 15% increase in valuation. Because the values proposed by Complainants are not supported by substantial and persuasive evidence,³⁸ the proper remedy is to have their assessed values for 2021 capped at the 2020 assessed values plus 15% or in the alternative to affirm any 2021 BOE decision that is less than that amount, whichever is lower.

CONCLUSION AND ORDER

In the 2021 reassessment of Complainants’ subject properties, Respondent increased the assessed values by more than 15% over their previous 2020 assessed values. The inspection notices provided by Respondent to Complainants were not timely as they were not served at least 30 days prior to physical inspections occurring, a violation of Section 137.115. Respondent’s assessments are therefore invalid to the extent they increase assessed values over 15% of the prior year’s assessed values.

The BOE decisions are hereby affirmed in part and set aside in part. For BOE decisions where the BOE assessed value for 2021 is a lesser amount than the end of year (EOY) certified assessed value for 2020 plus 15%, the BOE decisions are affirmed. For BOE decisions where the BOE assessed value for 2021 is a greater amount than the end of

³⁸ In order to prove overvaluation, the taxpayer must not only prove that the assessment is erroneous, but must also must prove "the value that should have been placed on the property" on the assessment date. *Hermel, Inc. v. State Tax Commission*, 564 S.W.2d 888, 897 (Mo. banc 1978).

year (EOY) certified assessed value for 2020 plus 15%, the BOE decisions are set aside and the EOY 2020 assessed values plus 15% are the assessed values for 2021. The 2021 assessed values as ordered by this Decision and Order are listed in Column K of Appendix A (“2021 Assessed Value Decision”).

Application for Review

A party may file an application for review of this decision within 30 days of the mailing date set forth in the certificate of service for this decision. The application "shall contain specific detailed grounds upon which it is claimed the decision is erroneous." Section 138.432. The application must be in writing, and may be mailed to the State Tax Commission of Missouri, P.O. Box 146, Jefferson City, MO 65102-0146, or emailed to Legal@stc.mo.gov. A copy of the application must be sent to each person listed below in the certificate of service. *Failure to state specific facts or law upon which the application for review is based will result in summary denial.* Section 138.432.

Disputed Taxes

The Collector of St. Louis County, and the collectors of all affected political subdivisions therein, shall continue to hold the disputed taxes pending the possible filing of an application for review, unless the disputed taxes have been disbursed pursuant to a court order under the provisions of section 139.031.

SO ORDERED November 25, 2025.

STATE TAX COMMISSION OF MISSOURI

Benjamin C. Slawson
Senior Hearing Officer

Certificate of Service

I hereby certify that a copy of the foregoing has been electronically mailed and/or sent by U.S. Mail on November 25, 2025, to: Complainant(s) and/or Counsel for Complainant(s), the County Assessor and/or Counsel for Respondent and County Collector.

Stacy M. Ingle
Legal Assistant
