DECISION AND ORDER

John Lichtenberg (Complainant) appeals the St. Louis County Board of Equalization's (BOE) decision finding the true value in money (TVM) of the subject property on January 1, 2023, was \$80,000. Complainant alleges overvaluation and claims that the TVM as of that date was between \$40,000 to \$50,000.¹ Complainant did not produce substantial and persuasive evidence of overvaluation. The BOE decision is affirmed. The TVM of the subject property on January 1, 2023, was \$80,000.

¹ Complainant timely filed a complaint for review of assessment. The State Tax Commission (STC) has authority to hear and decide Complainant's appeal. Mo. Const. art. X, sec. 14; Section 138.430.1, RSMo 2000. All statutory citations are to RSMo 2000, as amended.

The evidentiary hearing was held on April 3, 2025, via Webex. Complainant appeared *pro se* via phone. Respondent Jake Zimmerman, Assessor, St. Louis County, Missouri, was represented by counsel, Kevin Wyatt who appeared via Webex. The appeal was heard and decided by Senior Hearing Officer Samuel Knapper.

FINDINGS OF FACT

1. The Subject Property. The subject residential real property is located at 1114 Hillsboro RD, St. Louis, Missouri with a Parcel ID of 25J631084.

2. Assessment and Valuation. Respondent classified the subject property as residential and determined the TVM on January 1, 2023, was \$113,300. The BOE independently determined the TVM of the subject property as of January 1, 2023, was \$80,000.

3. Complainant’s Evidence. Complainant introduced several photos as Exhibits which were admitted without objection. They are described as follows:

Label	Description
A	Collective Exhibit of 11 Photos of Subject Property

Complainant testified that his opinion of value as of January 1, 2023, for the subject property is between \$40,000 to \$50,000. Complainant testified that he believes that the Assessor overvalued his property because of the several condition issues with the subject, including but not limited to a twenty-year-old roof, an original kitchen, an original bathroom, a dated furnace, and a leaky basement. Complainant testified that his property is being compared to other properties in much nicer condition. Complainant also testified

as to improvements that flippers would have to make if they acquired the property as well as the amount of rent that he charges the tenants of the subject property.

Upon cross examination Complainant testified that he based his opinion of value based on previous assessments and from real estate flippers. Complainant also testified that he has no training, education or experience in making site specific adjustments between comparable properties to determine property values. Complainant testified that he has no estimates or bids for improvements to the subject property. Complainant also testified that he submitted all the photos in *Exhibit 1* to the BOE.

4. Respondent's Evidence. Respondent introduced Exhibit 1, the BOE's October 17, 2023, Decision Letter. Complainant did not object. Respondent's Exhibit 1 was admitted into evidence.

5. Value. The TVM of the subject property as of January 1, 2023, was \$80,000.

CONCLUSIONS OF LAW

1. Assessment and Valuation. Pursuant to Article X, Sections 4(a) and 4(b), Mo. Const. of 1945 real property and tangible personal property is assessed at its value or such percentage of its value as may be fixed by law for each class and for each subclass. Article X, Sections 4(a) and 4(b), Mo. Const. of 1945. Residential real property is assessed at 19% of its TVM as of January 1 of each odd-numbered year. Section 137.115.5(1)(a). The TVM is "the fair market value of the property on the valuation date[.]" *Snider v. Casino Aztar/Aztar Mo. Gaming Corp.*, 156 S.W.3d 341, 346 (Mo. banc 2005) (internal quotation omitted). The fair market value is "the price which the property would bring from a willing buyer when offered for sale by a willing seller." *Mo. Baptist Children's Home v. State Tax*

Comm'n, 867 S.W.2d 510, 512 (Mo. banc 1993). "True value in money is defined in terms of value in exchange not value in use." *Tibbs v. Poplar Bluff Assocs. I, L.P.*, 599 S.W.3d 1, 7 (Mo. App. S.D. 2020) (internal quotation omitted). "Determining the true value in money is an issue of fact for the STC." *Cohen v. Bushmeyer*, 251 S.W.3d 345, 348 (Mo. App. E.D. 2008).

"For purposes of levying property taxes, the value of real property is typically determined using one or more of three generally accepted approaches." *Snider*, 156 S.W.3d at 346. The three generally accepted approaches are the cost approach, the income approach, and the comparable sales approach. *Id.* at 346-48. The STC has wide discretion in selecting the appropriate valuation method but "cannot base its decision on opinion evidence that fails to consider information that should have been considered under a particular valuation approach." *Id.*, at 348.

The comparable sales approach "is most appropriate when there is an active market for the type of property at issue such that sufficient data are available to make a comparative analysis." *Snider*, 156 S.W.3d at 348. For this reason, the comparable sales approach is typically used to value residential property. "The comparable sales approach uses prices paid for similar properties in arms-length transactions and adjusts those prices to account for differences between the properties." *Id.* at 347-48 (internal quotation omitted). "Comparable sales consist of evidence of sales reasonably related in time and distance and involve land comparable in character." *Id.* at 348.

2. Evidence. "Although technical rules of evidence are not controlling in administrative hearings, fundamental rules of evidence are applicable." *Mo. Church of*

Scientology v. State Tax Comm'n, 560 S.W.2d 837, 839 (Mo. banc 1977). The hearing officer is the finder of fact and determines the credibility and weight of the evidence. *Kelly v. Mo. Dep't of Soc. Servs., Family Support Div.*, 456 S.W.3d 107, 111 (Mo. App. W.D. 2015). "It is within the purview of the hearing officer to determine the method of valuation to be adopted in a given case." *Tibbs v. Poplar Bluff Assocs. I, L.P.*, 599 S.W.3d 1, 9 (Mo. App. S.D. 2020). The hearing officer "may inquire of the owner of the property or of any other party to the appeal regarding any matter or issue relevant to the valuation, subclassification or assessment of the property." Section 138.430.2. The Hearing Officer's decision regarding the assessment or valuation of the property may be based solely upon his inquiry and any evidence presented by the parties, or based solely upon evidence presented by the parties. *Id.*

3. Complainant's Burden of Proof. The taxpayer bears the burden of proof and must show by a preponderance of the evidence that the property was overvalued. *Westwood P'ship v. Gogarty*, 103 S.W.3d 152, 161 (Mo. App. E.D. 2003). The BOE's valuation is presumptively correct. *Tibbs*, 599 S.W.3d at 7. The "taxpayer may rebut this presumption by presenting substantial and persuasive evidence that the valuation is erroneous." *Id.* (internal quotation omitted). The taxpayer also must prove "the value that should have been placed on the property." *Id.*

"Substantial evidence is that evidence which, if true, has probative force upon the issues, and from which the trier of fact can reasonably decide the case on the fact issues." *Savage v. State Tax Comm'n*, 722 S.W.2d 72, 77 (Mo. banc 1986) (internal quotation omitted). Evidence is persuasive when it has "sufficient weight and probative value to

convince the trier of fact." *Daly v. P.D. George Co.*, 77 S.W.3d 645, 651 (Mo. App. E.D. 2002); *see also White v. Dir. of Revenue*, 321 S.W.3d 298, 305 (Mo. banc 2010) (noting the burden of persuasion is the "party's duty to convince the fact-finder to view the facts in a way that favors that party").

4. Complainant Did Not Produce Substantial and Persuasive Evidence of Overvaluation.

Complainant did not produce substantial and persuasive evidence rebutting the presumptively correct BOE value. Complainant did not produce substantial and persuasive evidence to support his opinion of value of between \$40,000 to \$50,000 for the subject property as of January 1, 2023. Complainant did not produce evidence comprising of a comparable sales approach, income approach, or cost approach to value.

The comparable sales approach is typically used to value residential properties improved with a single-family home. "The comparable sales approach uses prices paid for similar properties in arms-length transactions and adjusts those prices to account for differences between the properties." *Snider*, 156 S.W.3d at 347-48 (internal quotation omitted).

Complainant testified about the several condition issues for the subject and the needed updates and repairs that are needed for the property. Pictures of the subject were submitted by Complainant evidencing the alleged problems with the home. However, Complainant offered no professional analysis completed by someone trained to analyze such condition issues and to show the deleterious effect they had on the property on the assessment date, January 1, 2023. Complainant testified that he presented these issues and

photos to the BOE. The BOE reduced the TVM to \$80,000 from the Assessor's original \$113,300 which tends to show that the BOE did take the condition of the home into consideration when reaching its value.

The lack of evidence relating to a recognized valuation method renders Complainant's proposed value speculative and unpersuasive. *See Cohen*, 251 S.W.3d at 349 (holding an opinion of value loses probative value when based on an improper foundation). Complainant did not produce substantial and persuasive evidence showing the BOE overvalued the subject property and "the value that should have been placed on the property." *Tibbs*, 599 S.W.3d at 7.

CONCLUSION AND ORDER

The BOE decision is affirmed. The TVM of the subject property as of January 1, 2023, was \$80,000.
